"Demon in a Bottle" has been recognized by critics as "the quintessential Iron Man story," "one of the best super-hero sagas of the 1970s," and "one which continues to influence writers of the character today." The storyline won a 1980 Eagle Award for "Favorite Single Comic Book Story." Praising Michelinie's "clever" writing and Romita and Layton's "highly distinguishable" artwork, J. Montes of the Weekly Comic Book Review said, "Iron Man was never known for having engaging stories, but in this one rare case it happened and that is why we treasure it." Montes felt it was "a bit silly to see [Stark] recover from [the effects of his alcoholism] over the course of one issue," but added that "there's no mistaking the losses and struggles he deals with."
